“The Aging Mind: A
Look under the Hood”

Dr. Denise Park

Thursday, October 11, 2018
UC Davis MIND Institute
6:00 – 7:30 p.m.

Dr. Park is the Distinguished University Chair in Behavioral and Brain Sciences and a Regent's Research Scholar at the University of Texas Dallas. Her primary research interest is on the study of the aging mind, particularly in predicting who will age well cognitively, during middle age.

Dr. Park's presentation will focus on aspects of brain behavior that suggest a healthy and normally functioning individual may be in the earliest stages of Alzheimer's disease.
