LegacyWorks: The ultimate in personal organization

If the average person were to become incapacitated or die tomorrow, would most family and friends know how to help carry on with the details of an interrupted life until recovery? Or, if necessary, would these same family and friends know how to implement any final wishes?

If these two questions make individuals even a little bit nervous about their own situation, then a LegacyWorks is needed ... today.

Join **Lisa Brys**, professional organizer and owner of TimeWorks Professional Organizing, as she helps you to uncover your personality type and your organizing style. She'll also share info on a new product she developed, **LegacyWorks**, which is a guide to organizing all your most important documents and personal information into one comprehensive package.
