

REVERE COURT

MEMORY CARE

Monthly Caregiver Educational Seminar

Tuesday:

September 17th

At 2:00pm

*“Keeping Your Loved One
Safe at Home”*

Presented by:

Dot Boyd,

Senior Safety Specialist

Electronic Caregiver

Light refreshments will be provided

Sad to say, the average length of time a senior living alone lies on the floor, or in the garage or in the backyard, without help is 18 hours! Yes, eighteen hours of needless suffering, most often resulting in dire outcomes.

Join Dot Boyd, Senior Safety Specialist to learn about the latest innovations in personal, wearable health and safety devices that are light years beyond your grandma’s medical alert. Dot will demonstrate Electronic Caregiver devices and systems designed with the entire family in mind. You’ll learn how with the unique cell phone app, and GPS locators, you can know that your loved one is safe at home and on the go. You can even leave check-in messages and medication reminders to stay connected, at any time, night and day. Families often tell Dot how much peace of mind they have now that their loved one is protected by Electronic Caregiver. Seniors often remark how safe they feel and that their stylish pendants are on their wrists and not tucked away in a drawer.
