

WHAT ART REVEALS

PAINTING COLLECTIONS & VISUAL BIBLE STUDIES

VIRTUAL BIBLE STUDY WITH VISUAL ENHANCEMENT

Through virtual gatherings, Artisan Mind offers guided, interactive Bible studies to residents at Revere Court. By blending paintings, faith-based messages, and guided conversation, we offer an opportunity for spiritual connection and increased emotional well-being in community. Both creativity and spirituality reach beyond cognitive decline, therefore, images in art can tell stories of faith and support participants as they connect with their own personal stories of perseverance, hope and joy.

MONTHLY "ART REVEALS" COLLECTIONS

Artisan Mind Art Art Reveals collections include paintings and photo imagery that offer "still stories", providing space for participants experiencing short-term memory loss to pause, observe, and allow the images to connect them with personal memories or insights. With support of guided conversation, participants are invited to experience their insights on a multi-sensory level, which often contributes to self-expression and supports their social and emotional well-being. Artisan Mind creates a new Art Reveals collection for Revere Court each month.

At Revere Court Memory Care we understand that dementia affects entire families. Each person with memory loss and their family experience different challenges and needs. Those needs vary at different times during their journey.

We are here to support you by offering free workshops & support groups. You are not alone!
